HUERTA'S ORDER MEXICAN BROIL

Blockade at Tampico Abandoned and War Cloud Again Passes Over.

MAY BE ONLY CONDITIONAL

Rumored Final Decision Depends on Answers to Questions Put to Bryan.

Washington, June 8 .- General Huerta's order to-day suspending the order to blockade Tampico against the delivery of ammunition by the steamer Antilla to the Constitutionalists, served to dispel apprehension over a new crisis between the United States and the Huerta government which had threatened mediation of Mexican af-

fairs.

Though Washington officials expressed satisfaction over Huerta's action, it was persistently suggested unofficially that the blockade had been suspended only conditionally as a result of conferences between the South American mediators and the Mexican and American delegates at Niagara Falls. It also was said the Antilla might be diverted in her course through an agreement with officials of the Ward Line, her owners, and an American corporation.

Prosident Wilson, Secretary Bryan
and Secretary Daniels gave evidence
of great relief over the late developments, which, temporarily at least, have
averted another clash at arms. From
no official source was there confirmation of the reports that Huerta had
an understanding with the mediators
or the United States which would assure him that the Antilla's cargo would
not been delivered. Meanwhile, nothing
has been heard from the Antilla, which

not been delivered. Meanwhile, nothing has been heard from the Antilia, which is due to arrive off Tampico on Wednesday morning.

Scoretary Bryan was first informed of Huerta's suspension of the blockade order by Mr. Riano, the Spanish ambassador, early in the day. The secretary declined to discuss reports from Niagara Falls that General Huerta merely had suspended his blockade order at the request of the South American mediators, pending settlement of questions relating to an armistice.

questions relating to an armistice.

One important question said to have been raised at Niagara Falls, was whether the United States construed the mediation agreement to obligate it to prevent arms entering Tampico, which the Huerta government had declared closed. If the United States did not so construe the cessation of hostilities, which it was assumed would be held inviolate, the mediators are said to have wanted to know whether this government would con-

SUSPENSION MAY BE TILL
SUBJECT IS CLEARED
Such questions, it is declared, were put up to Secretary Bryan from Niagara Falls, and Huerta was asked to suspend the blockade order until to suspend the blockade order until the subject could be cleared up. It could not be learned whether any reply to such proposals had been made. The Mexican gunboats Zaragosa and Bravo, followed to Puerto Mexico by
